

SINTON.

Description

Knitted on 8mm (US 11) needles, this sample is in Mirasol Api a Peruvian yarn that is 50% Aplaca, 50% wool and knitted on needles 2mm or 2 US sizes larger than recommended for the yarn.

As gauge is not a major concern in the project any approximate equivalent yarn will work perfectly well.

Over all finished size is approx 2m x .5m (78" x 20") after pressing/blocking.

Finishing

Weave in yarn ends then wash and iron, press or block as directed by your chosen yarn.

Remember many hand dyed (and some factory dyed) yarns will loose excess dye on their first few washes so keep separate for other items and be careful where you place it whilst wet.
